JU KE SERIES WINE RACK

A statement of individuality

JU KE SERIES WINE RACK

Add a personal touch to your wine collection

The Ju Ke Series Wine Rack adds an artistic dimension to wine storage. For the true connoisseur, the Ju Ke Series Wine Rack combines contemporary design with superb functionality and the flexibility to personalize your wine display in limitless configurations.

Each piece is handmade from Parà wood and ultra-compressed fiber coated with a durable polyethylene base. A top-quality NC finish means the Ju Ke Series Wine Rack will age gracefully as a vintage Bordeaux.

The Ju Ke Series Wine Rack comes in eight variations ranging from 5 to 12 channels. A slender profile ensures maximum efficiency to accommodate any space. Designed to be suspended above the ground, its distinctive Ju Ke Shape* enables the wine rack to be mounted at any angle. With two or more wine racks positioned next to each other, more storage slots become available in the spaces between.

The Ju Ke Series Wine Rack's simplicity of form encourages creative experimentation. The result is distinctively yours.
